1.3 Spending of Reserve Capital

- 1.3.1 The Association must maintain a reserve fund of not less than \$500,000. The fund, excepting any interest generated, may only be accessed in situations of the Association's insolvency, such as insolvency, voluntary administration or receivership and with the approval of a two-thirds majority of a general meeting. This section is entrenched under the Constitution.
- 1.3.2 An actual insolvency figure must be prepared as part of the annual audit of the Association.

2. ETHICAL FINANCES

2.1 Ethical Procurement

- 2.1.1 The Association may maintain policy specifying that, for ethical reasons, funds, goods and services may not be procured or accepted from specified people or bodies.
- 2.1.2 All invested capital must, to the best knowledge of trustees, be invested ethically. In determining whether a repository is ethical, the Trustees shall have regard to:
 - (a) the repository's safety record, corporate governance and accountability, environmental sustainability and equal opportunity policies;

3 PAYMENTS TO MEMBERS OF THE ANUSA EXECUTIVE

3.1 OVERVIEW

- 3.1.1 Sections 22(8) and 22(20) of the Constitution provide that no payment may be made to a member except as reasonable payment for services rendered to the Association or for reimbursement of reasonable expenses. This Regulation is made under the Constitution to provide for reasonable payment to members of the ANUSA Executive (the Executive) for services rendered to the Association and reimbursement of expenses.
- 3.1.2 Subject to this Regulation, and subject to the availability and allocation of funding, members of the ANUSA Executive may be paid a stipend and provided with other entitlements specified in this Regulation.

3.2 STIPENDS

- 3.2.1 While holding office under the Constitution, the members of the Executive of the Association are offered a stipend for the work that they carry out in recognition of their services to the Association and its members.
- 3.2.2 The Executive are under no obligation to accept stipends, and may claim less than the maximum stipend provided for in this regulation.
- 3.2.3 Continued payment of stipend is subject to the terms of this regulation and the requirements of the Constitution

and subject to continuing service to ANUSA in continuing proper performance of the responsibilities of office.

3.3 STIPEND RATE

- 3.3.1 The stipend for the President for the year 1 December 2016 to 30 November 2017, assuming the President is available and engaged in work of the Association during normal working hours and ceremonial functions and organisational meetings as required, is \$44,500 (subject to continuation in office during that period).
- 3.3.2 The stipend amount for the President has been determined on the basis of ensuring access and equity and to promote responsibility and accountability. The current ANUSA experience of the duties normally required of the President assumes that the President will prioritise the duties of their ANUSA office over other commitments, including study. The amount is also based on the resolution adopted under the ANUSA Constitution by a general meeting of ANUSA which considered the question of remuneration of executives dated 26 May 2016, and accordingly reflects the decision of members of ANUSA as to the appropriate level of such remuneration. **Note:** Clause 3.3.10 deals with the situation where an office holder may be subject to limitations on allowable hours of service to ANUSA due to being an international student. ANUSA office is open to all ANU students on a non-discriminatory basis irrespective of residency status.
- 3.3.3 It is not a requirement of office that the President devote the envisaged degree of commitment to their role. Where the President's other commitments make this envisaged level of commitment impracticable, this should be reflected in a re-allocation of proportional amounts among the other Executive, who would take on a greater share of the work of the Executive. **Note:** see further clause 3.3.9 and 3.3.10.
- 3.3.4 The stipend for the Vice-President, shall be for a maximum of 70% (estimated average of 24.5 hours per week) of the President's stipend.
- 3.3.5 The stipend for the Treasurer shall be for a maximum of 40% (estimated average of 14 hours per week) of the President's stipend.
- 3.3.6 The stipend for the Clubs Officer shall be for a maximum of 40% (estimated average of 14 hours per week) of the President's stipend.
- 3.3.7 The stipend for the Education Officer shall be for a maximum of 40% (estimated average of 14 hours per week) of the President's stipend.
- 3.3.8 The stipend for the General Secretary shall be for a maximum of 40% (estimated average of 14 hours per week) of the President's stipend.
- 3.3.8.1 The stipend for the Welfare Officer shall be for a maximum of 40% (estimated average of 14 hours per week) of the President's stipend.
- 3.3.9 It is not a requirement for any members of the Executive to be engaged for particular hours in providing service to ANUSA. If a member of the Executive is unable to contribute at the level anticipated in the allocations set out above, the Executive, with the agreement of six of the seven members may determine in writing an appropriate proportional allocation reflecting the level of contribution each member is able to make and reallocate proportions between members, without increasing the overall budget allocated to remuneration of members of the Executive as a whole.
- 3.3.10 ANUSA recognises that the *Migration Act 1958* (Cth) limits the number of hours an International Student is permitted to work during study periods. No member of the Executive who is an International Student will be required by this Regulation to devote more hours to service as an ANUSA Executive that may result in contravention of any relevant requirements of the *Migration Act 1958* (Cth) or any equivalent laws or regulations.
- 3.3.11 Any changes to proportional allocations are to be noted by the SRC at its next scheduled meeting.
- 3.3.12 The total amount allocated for remuneration (Stipend and Superannuation) based on the 2017 default amount

is \$180,779 (subject to CPI increase as established by 3.3.15). Reimbursement of expenses incurred in accordance with clause 3.8 are not subject to this limit.

- 3.3.13 If an increase in to the total budget (default amount)) is proposed (excluding an increase in the Executive referred to in clause 3.9 and CPI increases under 3.3.15), any such increase must be approved by the SRC. Approval by the SRC will be a resolution passed by seventy percent (70%) of Representatives present and voting.
- 3.3.14 The stipend will increase on 1 December each year in accordance with movements in the Consumer Price Index (CPI – all groups) as at September each year for the previous 12 month period (e.g. Sept. Qtr. 2016 to Sept. Qtr. 2017).
- 3.3.15 If an increase in excess of the movement in the Consumer Price Index (CPI – all groups) is proposed, any such increase must be approved by the SRC. Approval by the SRC will be a resolution passed by seventy percent (70%) of Representatives present and voting.

3.4 WITHHOLDING THE STIPEND

- 3.4.1 The ANUSA Executive may by a decision of five of the seven members present at a meeting decide to reduce, suspend or withhold payment of the stipend in its entirety or for a specified period or by a specified amount for a member of the Executive if in the opinion of the Executive the member is failing to adequately perform the duties of their office. The Executive must counsel the member and provide them with a reasonable opportunity to remedy the identified shortcomings in performance before reducing, suspending or withholding the stipend in whole or in part (refer to section 50 of the *Associations Incorporations Act 1991 (ACT)*).

3.5 STIPEND PAYMENTS

- 3.5.1 The fortnightly stipend will be calculated by dividing the applicable annual amount by 26.083.
- 3.5.2 Taxation instalments, at the correct rate will be deducted from the fortnightly payments, as required by taxation law.

Additional Remuneration

- 3.5.6 If the President is absent on leave or ANUSA business for a period greater than five working days and the Vice President is required, in writing to undertake the role of the President they will be paid at the full time rate for the period that they undertake the President's duties.
- 3.5.7 If the Vice President is replacing the President during a period of absence and the Education Officer is required, in writing to undertake the role of the Vice President they will be paid the rate applicable to the role for the period that they undertake the Vice President's duties.

3.6 WORK ARRANGEMENTS

- 3.6.1 Working arrangements will be subject to mutual agreement between the Executive member and the President,

and should be sufficiently flexible to allow for an appropriate balance between the demands of their duties, studies and private life.

6. All grants shall be paid by a transfer of the grant funds to the bank account of the relevant Club.
7. The break-even funding limit for an event shall be calculated as follows:

Break-Even Funding Limit for Event = Expenditure on the Event less other revenue raised for the event

Where more than one test of maximum amount cap is provided the cap for a grant is the lowest of the caps provided. To be eligible for funding a proposed grant must also be SSAF compliant.
6. The Clubs Officer, where applicable and reasonable, should make efforts to consult with autonomous departments of the Association to contribute to the needs of marginalised students and build inclusive social life at the Association.
7. If a Club applies for a grant from ANUSA it must disclose to ANUSA any external funding it has received from another entity for that activity or project, and the Club will not be entitled to funding from ANUSA to the extent it has already received such other funding.

 3. The risk associated with the abuse of the privilege(s) in question,
 4. Whether the action(s) may act in an onerous or oppressive fashion upon the Club; and

2. The ANUSA Executive may make such enquiries and request such documents as it considers appropriate to assist it in deciding the appeal.
3. If the Executive is satisfied that the grounds raised by the Club are sufficient that the decision should not have been made, then it must reverse or amend the decision as it considers appropriate.

2. Appeal to the ANUSA Disputes Committee

1. If the Club remains unsatisfied with the Executive's decision, or any variance upon that decision, the Club may appeal in writing to the ANUSA Disputes Committee which shall deal with the matter as if it was the original decision maker under this Regulation.

SCHEDULE A – ASCERTAINING RESULT OF POLL

1. PRELIMINARY INTERPRETATION

(1) In this Schedule, unless the contrary intention appears—

"Ballot " means a ballot that is valid by virtue of the Electoral Regulations;

"Continuing candidate" means a candidate, other than a successful candidate, an excluded candidate or a

candidate who died before polling day;

"Count" means an allotment of votes under subclause 3 (1) or 6 (3), or paragraph 9 (2) (c);

"Count votes", in relation to a candidate, is the number of votes calculated as follows:

$$B \times TV$$

where—

- B is the number of ballot papers to be dealt with at a count that record the next available preference for the candidate;
- TV is the transfer value of those ballots; calculated to six decimal places without rounding;

"Excluded candidate" means a candidate excluded under clause 8;

"Next available preference" means the next highest preference recorded for a continuing candidate on a ballot;

"Quota" means:

- a. Where one candidate is to be elected - the quota, in relation to a count, calculated as follows:

$$\frac{TVA}{\text{-----} + 1} \\ 2$$

Where TVA is the sum of the total votes allotted to the continuing candidates at the count, any fraction being disregarded;

- b. Where two or more candidates are to be elected - the quota, in relation to the election, calculated as follows:

$$\frac{B}{N+1} + 0.000001; \text{ where}$$

- B is the number of ballots for the election minus the number of exhausted ballots at that count; and
- N is the number of positions to be filled at the election; calculated to 6 decimal places without rounding.
- The quota will have to recalculated at every count

"Successful candidate" means a candidate who is successful by virtue of clause 3, 4, 6 or 9;

"Surplus", in relation to a successful candidate, means the candidate's total votes less the quota, where the resulting number of votes is 0.000001 or greater;

"Total votes", in relation to a candidate, means the sum of all votes allotted to the candidate;

"Transfer value", in relation to a ballot, is—

- a. In relation to the allotment of votes from the surplus of a successful candidate—in the case of ballots that specify a next available preference, subject to subclause (2), the value calculated as follows:

$$\frac{S}{CP} \quad \text{where}$$

- S is the surplus; and

- CP is the number of ballots counted for the candidate at the count at which they became successful and which specify a next available preference; or
- b. In relation to the allotment of votes under paragraph 9 (2) (c)—
 - i. In the case of ballots in respect of which votes were allotted to the excluded candidate under clause 3—1; or
 - ii. In the case of ballots in respect of which count votes were allotted to the excluded candidate under subclause 6 (3) or paragraph 9 (2) (c)—the transfer value of the ballots when counted for the purpose of that allotment.
 - (2) Where, but for this subclause, the transfer value of a ballot calculated in accordance with paragraph (a) of the definition of "transfer value" would be greater than the transfer value of the ballots when counted for the successful candidate, the transfer value of that ballot is the last- mentioned transfer value.
 - (3) For the purposes of this Schedule, where 2 or more candidates are to be elected, all vote values are to be calculated to 6 decimal places, without rounding.

2. DISREGARDING PREFERENCES

- (1) This clause applies where effect is to be given to preferences indicated in candidate squares on a ballot by virtue of section 2.7.3 of the Electoral Regulations.
- (2) Where the same number is marked in 2 or more candidate squares on a ballot, those numbers and any greater number shall be disregarded in determining the elector's preferences.
- (3) Where a number is missing from the series of consecutive whole numbers marked in the candidate squares on a ballot, the missing number and any greater number shall be disregarded in determining the elector's preferences.

3. GENERAL FIRST PREFERENCES

- (1) For each ballot recording a first preference for a continuing candidate, 1 vote shall be allotted to the candidate.
- (2) For the purposes of subclause (1), a ballot on which a first preference for a candidate who died before polling day is recorded shall be taken to record a first preference for the candidate for whom the next available preference is recorded.
- (3) After the allotment of votes under subclause (1), each continuing candidate's total votes shall be calculated and, if the votes equal or exceed the quota, the candidate is successful. Scrutiny to cease 4.

4. SCRUTINY TO CEASE

- (1) If, after a calculation under subclause 3 (3), 6 (4) or 9 (2) (d), the number of successful candidates is equal to the number of positions to be filled, the scrutiny shall cease.
- (2) If, after a calculation under subclause 3 (3) or 6 (4) or after all the ballots counted for an excluded candidate have been dealt with under clause 9—
 - a. The number of continuing candidates is equal to the number of positions remaining to be filled plus one; and
 - b. No successful candidate has a surplus not already dealt with under clause 6; the candidate with the fewest votes shall be excluded and each of the remaining continuing candidates is successful and the scrutiny shall cease.
- (3) If a candidate is excluded under subclause 4 (2), the ballots counted to him or her shall not be distributed further.
- (4) If a candidate is to be excluded under subclause 4 (2), and 2 or more continuing candidates each have the same total votes, being fewer total votes than any other continuing candidate and—
 - a. 1 of those candidates had fewer total votes than any other of those candidates at the last count at which those candidates had unequal votes—that candidate; or

- b. There is no count at which those candidates had unequal total votes—the candidate who, of those candidates, is determined by the Returning Officer by lot to be the candidate to be excluded; shall be excluded.

5. SCRUTINY TO CONTINUE

If the scrutiny has not ceased in accordance with clause 4 and—

- a. 1 or more successful candidates have a surplus not already dealt with under clause 6—subject to clause 4, each surplus shall be dealt with in accordance with clause 6; or
- b. There are no successful candidates with such a surplus—1 continuing candidate shall be excluded in accordance with clause 8 and the ballots counted for him or her shall be dealt with in accordance with clause 9.

6. SURPLUS VOTES

- (1) Subject to clause 7, this clause applies in relation to the surplus of a successful candidate.
- (2) Each ballot counted for the purpose of allotting votes to the successful candidate at the count at which the candidate became successful shall be dealt with as follows:
 - a. If it does not specify a next available preference—it shall be set aside as finally dealt with for the purposes of this Part;
 - b. If it specifies a next available preference—it shall be grouped according to the candidate for whom that preference is recorded.
- (3) The count votes for each continuing candidate shall be determined and allotted to him or her.
- (4) After the allotment under subclause (3), the continuing candidates' total votes shall be calculated and, if the total votes of a candidate equal or exceed the quota, the candidate is successful.

7. MORE THAN 1 SURPLUS

- (1) In this clause—
 - a. A reference to a successful candidate shall be read as a reference to a successful candidate with a surplus not already dealt with under clause 6; and
 - b. A reference to the earliest count shall be read as a reference to the earliest count at which a successful candidate obtained a quota.
- (2) Where there are 2 or more successful candidates, the surplus of the relevant candidate shall be dealt with in accordance with clause 6.
- (3) For the purposes of subclause (2)—
 - a. If only 1 successful candidate obtained a quota at the earliest count—that candidate is the relevant candidate;
 - b. If 2 or more successful candidates obtained a quota at the earliest count—the candidate who, of those candidates, has the largest surplus is the relevant candidate; or
 - c. If 2 or more successful candidates (in this paragraph called "contemporary candidates") who obtained a quota at the earliest count have the same surplus, being a surplus larger than that of any other candidate who obtained a quota at that count and—
 - i. 1 of the contemporary candidates had more total votes than any other contemporary candidate at the last count at which all the contemporary candidates had unequal total votes—that candidate; or
 - ii. There is no count at which all the contemporary candidates had unequal total votes—the contemporary candidate who is determined by the Returning Officer by lot to be the relevant candidate; is the relevant candidate.

8. EXCLUSION OF CANDIDATES

- (1) Where clause 5 requires a candidate to be excluded, the candidate with the least total votes shall be excluded.
- (2) Where 2 or more candidates each have the same total votes, being fewer total votes than any other candidate and—
 - a. 1 of those candidates had fewer total votes than any other of those candidates at the last count at which all those candidates had unequal votes—that candidate; or
 - b. There is no count at which all those candidates had unequal total votes—the candidate who, of those candidates, is determined by the Returning Officer by lot to be the candidate to be excluded; shall be excluded.

9. VOTES OF EXCLUDED CANDIDATES

- (1) Where a candidate is excluded in accordance with clause 8, the ballots counted for the candidate shall be sorted into groups according to their transfer values when counted for him or her.
- (2) Subject to subclause (3), each group under subclause (1) shall be dealt with as follows:
 - c. If a ballot in the group does not specify a next available preference—it shall be set aside as finally dealt with for the purposes of this Part;
 - d. If a ballot in the group specifies a next available preference—it shall be grouped according to the candidate for whom that preference is recorded;
 - e. Each continuing candidate's count votes shall be determined and allotted to him or her;
 - f. Continuing candidates' total votes shall be calculated and, if the votes of any of those candidates equal or exceed the quota, the candidate is successful.
- (3) The groups referred to in subclause (1) shall be dealt with under subclause (2) starting with the group with the highest transfer value and, subject to subclause 4 (1), continuing in descending order until all the groups have been dealt with.

10. SETTING ASIDE BALLOTS
