Matters for discussion

BNO

Will have to do some work – some of it which is pretty fine, mostly dragging things over and setting up. Key thing is that someone needs to pick up the van and drive to DM and back.

PO: can you ask kai then me

BY: 9:30-11:30 setting things up

We discussed BNO set up.

Election conflicts

BY: there are election conflict forms, do them whether or not you're running, read them and look at what they set out. Because the exec has a role we have to be diligent about managing conflicts if they are running, they need to be declared early and managed. Hard expectation that by the end of $May - 31^{st}$ of May anyone in the exec to declare in or out by that time. Will put in email to everyone and touch base in the future as well.
