Joint Colleges of Science Representatives' Report Oliver Hervir & Shriyutha Vaka CRC 5 - 17/08/2022

Summary

2 National Science Week

National Science Week

Over the break, plans for National Science Week have been underway, and we are currently in the full swing of things. Oli and Shriya organised a National Science Week organising Committee, consisting of volunteers who are both helping to run and organising some events. Our predominant partnership this year has been with Science Society, with us frequently liaising with them to organise activities for the student body.

The three events that we are hosting during National Science Week include a Liquid Nitrogen Ice Cream Stall, to be run on Wednesday 17/08/22, as part of Science Mayhem, a Science Communication Panel event on Wednesday 17/08/2022 and Universal Lunch Hour. All three of these events would not be possible without the support of Science Society, the wonderful academics who are giving up their time to engage in these activities, the support of the Research School of Chemistry or the various individuals involved in our Nat Sci Week Committee. A particular shout-out goes to Carolina Pardo, who spearheaded the organisation for the panel event - a big thank you to her.
